

Ken J. Good
Curriculum Vitae
Email: kenjgood@gmail.com

PRESIDENT OF STRATEGOS INTERNATIONAL LLC & PROGRESSIVE COMBAT SOLUTIONS LLC

July 2002 to Present

JOB SUMMARY

In July of 2002, Mr. Good co-founded Strategos International as training and consulting group that provides tactical training to Law Enforcement and Military clients throughout the United States and abroad. - List of clients and training venues available upon request.

Please see <http://strategosintl.com>

Training included small arms and sniper operations, operating in low light environments, response to the active shooter, team tactics, combatives, and a proprietary use of force model (Force Sector Model) developed by Mr. Good.

Mr. Good was a critical member of the team that designed and created the Gladius™ by Night-Ops™ / Blackhawk Products Group™. The Gladius™ is multi-function LED flashlight, a ground breaking illumination tool designed for Military, Law Enforcement and Security use.

Mr. Good is listed on the design patent for this device, United States Patent 7,281,815

During this timeframe, Mr. Good authored a ground-breaking publication: "Law Enforcement Officers Guide to Low Light Engagements". See Excerpt here: http://www.polarion-store.com/pd_strategies_of_low-light_engagements.cfm

Mr. Good has extensive experience in product design, manufacturing, marketing and distribution. In September of 2007, Mr. Good stepped down as President of Strategos International to pursue opportunities with an emerging illumination tool product line manufactured by Polarion of Korea. Mr. Good has been influential in the design and form factor of these products.

Please see <http://polarion-usa.com>

In July of 2008, Mr. Good founded Progressive Combat Solutions in order to continue to offer tactical training as opportunities present themselves.
